**SUBJECT LINE: CONSULTING ENGINEER
POSITION IN NORFOLK, VA**

Job Description

ClearShark Enablement Services is a team of subject matter experts specially trained and certified to provide professional services in key technologies for short- and long-term engagements. Our experts are experienced in providing services in specialized and sensitive areas, ensuring mission enablement and the protection of operations, infrastructure, and security interests. We are committed to developing and customizing solutions and services in many areas, including but not limited to cloud/cloud migrations, next-generation cyber security issues, and big data analytics.

Our team is seeking a Consulting Engineer to join our team in a full-time engineering role. Our customer is located in the Norfolk, VA area and seeks an energetic, passionate technical resource to assist them in the setup and ongoing support of their Splunk for Enterprise System.

SECURITY CLEARANCE

- TS/SCI level Security Clearance is required for this role.

REQUIRED SKILLS

- 1-2 years of Linux experience and/or system administration
- Strong verbal and written communications skills
- Excellent customer service skills

PREFERRED SKILLS

- Splunk Enterprise experience and certifications are a plus.
 - Candidates who are not certified will be required to complete training and pass certifications upon hire.
- Experience with the following technologies will be considered a plus
 - Palo Alto Networks
 - F5
 - Amazon Web Services
 - Windows PowerShell and Server

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- College degree or equivalent work experience

ADDITIONAL NOTES

- Terrific benefits, liberal leave policy.

An Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, or protected veteran status and will not be discriminated against on the basis of disability.
